**MINUTES**

**1) WELCOME AND INTRODUCTION, President Jan Sumrall**

- a) The May SELVN General Meeting was called to order by President Sumrall at 7:04 pm with 16 current members and 6 non-members in attendance.
- b) Board Members were introduced.

**2) GENERAL UPDATE, Jan Sumrall**

- a) Alderman's office could not send a representative this evening. This will be the 3<sup>rd</sup> consecutive month without a representative of the Alderman's office. Jan held a lengthy discussion with Bennett Lawson, Alderman Tunney's Chief of Staff about this. Jan will also be scheduling a meeting with the Alderman to discuss mutual expectations for participation in SELVN meetings.
- b) CAPs Meetings: Sgt. Clark was promoted to Lieutenant. Sgt. Mary Hein will be taking his place.
- c) PANZ has opened on Diversey – They serve calzone/pocket pizza and opened the end of last week (where Pizza Persona was, next to Chipotle)
- d) There was confirmation that 19<sup>th</sup> district received 10 additional police officers as of 4/10/16.
- e) Free visible address numbers can be picked up from the Alderman's office. Visible address numbers are important for first responders.
- f) The owners of the old Walgreens site at the corner of Broadway and Diversey were to be here to present tonight, but they cancelled. Their PD 'expired' 2 years ago, but it doesn't actually expire unless the alderman requests its extinguishment. The developer might come to SELVN in July.
- g) Roots Pizza:
  - i) Roots submitted plans with an error in the survey. Due to the survey error, they had to resubmit plans
  - ii) They need to dig down to create a basement for the commercial space. Getting a permit from the Bureau of Underground takes a long time, which has further delayed the commencement of construction.

**3) NEW BUSINESS, Bob Clarke**

- a) Mr. Clarke lives at 2900 N Burling between Diversey & Oakdale.
- b) The area has been targeted for large single family development of "mega houses".

  - i) 2 years ago excavation commenced, with installation of steel piling.
  - ii) Damage to 2900 N. Burling was confirmed by a structural engineer. The foundation at 2900 N. Burling had to be shored up.
  - iii) Foster Design/Development initially said they would resolve any damage, but despite repeated requests, no repairs have been made, so the 2900 N. Burling building owner will have to pay for it themselves.
  - iv) Estimated repairs for the six-flat may be as much as \$200,000.
- d) Mr. Clarke expressed concern about
  - i) lack of site security,
